

LIST OF SPONSORSHIP AND HELP FOR ERNEST ULLMAN PARK

Repair, replastering and painting of Minto Rd. entrance by Toulouse complex R2000

Donation of lawnmower by Grapnel and Flanagan & Gerard – R5000

Donation of R1200 from Holy Christian Church. This bought a weed eater for the garden maintenance. I personally thanked Pastor Chuma.

Donation of a chainsaw – without the chain from the Nursery school.
Purchase of the chain – about R180 I think.

Elsie van Soelen – Kip McGrath School - R900 – R500 for compost and R400 for plants for her flower bed in front of her rooms when I started.

She also donated R500 after that (I think) which she has the envelope with all the receipts.

Jenny Rhame also donated R500 during the year and recently gave me another R300 which I am going to buy chicken wire to block the beams where the pigeons nest and scateurs for the Centre.

I also spent more than R200 of my own money at the beginning before I went to the users of the Centre for help. My telephone bill is astronomical having chased various Depts. to maintain the Centre for the last year. We are now seeing the results.

The amounts went on 3 sets of washers, petrol for the lawn mowers, further plants, tile cleaner, scrubbing brush, feather dusters, paint, 2 sets of paint brushes and rollers (benches in grounds) numerous cokes and buns/bread for various workers doing a good job, supplying IEC staff and others with coffee, tea, milk and sugar over the elections, the list is endless and I cant remember it all. Things needed as we went along.

I am still trying to get sponsorship to fix up and repair the Alma road gate entrance. Another R2000 is needed. It is in a shocking state as an entry to the Park. Many people use this as it is the easiest way to find the Centre off Bowling Ave.

The ICC visited the Centre and came in that way. I was so ashamed to think that was the entrance they used. For 2010 this should be done as Ullman is the closest Park to the CBD being at the extension of Katherine Ave. into Bowling.

Mr. Illing of the Ski boat club paid for compost R300 and fetched it. He also paid for the consultation with a tree expert and paid for the chemical spray for the diseased trees (sooty mould) and for the weed grass to be sprayed. He paid for the repair of various items, old lawnmower, vacuum cleaner, hire of large chainsaw .

He gave of his time and labour to cut trees with me on the top lawn.
